

Declaration of Student

I have read the course Handbook and the programme of study and am able to commit to completing the **Post Qualifying Specialist Programme in Social Work** within the prescribed time. I have discussed the study time needed with my Line Manager and I have come to an agreement about how much of this will come from work time and how much from my own time. I have access to a computer with internet access either at home or work or I am able to come in to Bucks New University to use the intranet outside of class time.
